HAMILTON WINS FIRST TRACK MEET

Speed, Strength, and Agility Leave Yellow and Black Gasping for Breath — Thompson Makes Spectacular Finish.

PROSPECTS BRIGHT

The Buff and Blue began her track season last Saturday afternoon by a glorious victory over the Yellow and Black of the University of Rochester on Rochester's own field. Hamilton was outpointed in the first event, but from then on she led continuously. The chief reason for Rochester's downfall seemed to be the lack of a well-balanced team. Their reliance was placed on four strong men: Captain Winslow in the middle distances, Dunn in the sprints, and Gale and Milliman in the distances. Two of these men, Winslow in the quarter-mile and Milliman in the two-mile event, broke Rochester records. Dunn was the Yellow and Black's heaviest scorer with eleven points to his credit. For Hamilton, Eckler led in the point-getting with thirteen points. Reeder was second with twelve and Thompson third with ten. Captain Holler, Pope and Kelly each had six points.

Hamilton demonstrated her excellence at all times during the meet. Pope, holder of the Hamilton record for the low hurdles, easily outdistanced his competitors and won first place in both short sprints. By far the prettiest race of the entire meet was the half-mile. V. Alison of Hamilton led the first lap of this race, but at the beginning of the second lap Gale of Rochester forged into the lead and held it till within a yard of the tape. Then Thompson, who had been trailing his rival by about ten yards, finished a brilliant sprint by fairly throwing himself onto the tape and won by a foot. The superiority of Hamilton was even more evident in the field events. In the high jump and pole vault every place went to the credit of the Buff and Blue. Wallace, in the hammer-throw was the only field man to get a first place for Rochester.

Throughout the whole meet both sides were hindered by a strong wind. This accounted for the slow time in many events. Despite this hindrance, however, and the fact that the track was poor, Hamilton came through with nine firsts out of a possible fourteen, and nine seconds out of the same number.

The summary of the meet follows:

100-yard dash—Dunn (R), 1st; Holler (H), 2nd; Pope (H), 3rd. Time, 10:3.

220-yard dash—Dunn (R), Holler (H), A. Alison (H). Time, 23 4-5.

440-yard dash—Winslow (R), A. Alison (H), Dunn (R). Time, 52 2-5.

880-yard dash—Thompson (H),

BURNS WILL LEAD 1922 GLEE CLUB

Elected to Pilot Warblers at Meeting of Club Friday Morning—Club to Lose 17 Men by Graduation.

The Glee Club met last Friday morning after chapel for the purpose of electing a leader for the coming college year. The choice fell on Francis J. Burns, '22, of Clinton.

The election comes as a reward of excellent service. Mr. Burns has completed two seasons with the Musical Clubs, and as a member of the Glee Quartet he has contributed a large share to the successes of the past season. His task for the coming year will not be an easy one by any means. The places left vacant by the graduation of Theodore C. Paton, '21, this year's leader, Griffith, '21, monologist, and Maier, Whitbeck, Moffat, Harper, Fisk, Pritchett, Davison, King, Holler, Parker, Forshay, R. E. Daniels, Lighthall, and Pendleton, '21, will have to be filled by next year's class and by men already in college. Pendleton and Paton have been members of the quartet during the past season and their graduation will leave vacant the first tenor and first bass positions. "Teddy" Paton has sung first tenor with the quartet since his sophomore year and has won an enviable reputation as an entertainer and soloist wherever the Musical Clubs have given a program.

Prospects for the year 1921-1922 are somewhat dimmed by the exodus of much vocal talent, but several very capable men still remain with the clubs. Mr. Burns will have a strong group of men around which to build a Glee Club that will uphold the tradition of the excellence of Hamilton musical activities.

WILLIAMS AND UNION HAVE EASY TIME WITH HAMILTON TENNIS TEAM

Hamilton lost both of the tennis matches of its eastern trip this last week-end. On Friday the Buff and Blue lost to Williams in straight sets. On Saturday Hamilton lost to Union by a score of 5-1. The summary of the two matches follows:

INTERACADEMIC SPEAKERS CHOSEN

A preliminary interacademic prize speaking contest was held April 29 at Boys High School, Brooklyn, participated in by representative speakers from the high schools of New York, Brooklyn, and vicinity. Orlando E. Ferry, '95, had charge of the local arrangements. The results were as follows: First, Robert W. Shipman, of Mount Vernon High School, Mount Vernon, N. Y., who spoke on "Single Minded Americanism"; second, Countee P. Cullon, of DeWitt Clinton High, New York City, whose topic was "God and the Negro"; honorable mention, F. Stuart Newberry, of Montclair Academy, Montclair, N. J., who spoke on "Theodore Roosevelt".

Other preliminary contests took place at Rochester and Waterford, Friday, May 6. At the Rochester contest, over which Dr. Wood presided as the representative from the College, the following schools took part: West High School and East High School, of Rochester, Canandaigua Academy, Palmyra Classical High, Waterloo, Clyde, Albion, and Fairport. The contest at Waterford was composed of Mechanicville, Catskill, Hudson, Troy, Ausable Forks, Johnstown, Albany, and Waterford. The winners of this contest were: 1st, Frank B. Dyer, Albany High School; 2nd, Daniel T. Manning, Ausable Forks High School; honorable mention, Fred B. Brewster, Waterford High School. The local arrangements for the Waterford contest were in charge of Earl P. Watkin, '12.

The local arrangements for the contest in Rochester were made by John H. Parry, '11, and the winners were: Norman Lyon, West High School, Rochester; 2nd, Fred R. Myers, East High School, Rochester.

The following men are entitled to appear in the final contest, May 14:

Lyman B. Hagar, Lafayette High, Buffalo; Gerard Brick, Conisius High, Buffalo; Sterling Cole, Haverling High, Bath; John E. Bloomer, Central High, Binghamton; Leon Reeder, Blodgett High, Syracuse; Robert W. Shipman, Mount Vernon High, Mount Vernon; Charles Anthony, Gouverneur High, Gouverneur; Hamilton Bookhout, Utica Free Academy; Joseph Short, Camden High, Camden; Norman Lyon, West High, Rochester; Fred R. Myers, East High, Rochester; Frank B. Dyer, Albany High; Daniel T. Manning, Ausable Forks High.

HAMILTON WINS FROM UNION NINE

Game Played With Old Rivals in Schenectady Saturday Results in Victory for Buff and Blue—Moffat Out of Line-up on Account of Injuries.

SCORE 5 TO 3

Hamilton's defeat in football last fall by Union was avenged Saturday when the Buff and Blue nine triumphed over its old rival at Schenectady to the tune of 5-3.

Hamilton made the first score of the game in the second inning, only to lose the lead in the third, when Union scored two runs. Matters were even in the fifth, but in the sixth the Buff and Blue put the game on ice by shoving two runs across the plate.

The feature of the game was a shoestring catch by Pritchard in the eighth inning. "Pirnie" caught the ball just before it hit the ground, rolled over and then sat up, holding the ball in his hand. This catch prevented a possible rally by Union, who had a man on base at the time.

Lawler won everlasting fame by slamming out a three-bagger. Two fast double plays in the seventh and eighth innings by Union prevented Hamilton from piling up a larger score.

Moffat, who had received slight injuries in an auto accident on the day previous, was unable to appear in the line-up.

HAMILTON LOSES TO SYRACUSE

Heavy Hitting of Orange Leaves Buff and Blue in Rear—Murray and Simon Make Circuit Smashes.

MAY HANGS ON

The Buff and Blue nine was defeated on Steuben Field last Wednesday by a score of 9 to 1. The heavy hitting and good fielding of the visitors were the main causes for Hamilton's defeat. Warren started the game and pitched until the seventh when Gifford was sent to the mound to take his place.

Syracuse began making their collection of runs in the first inning when Malone beat the ball to first. Ingals bunted and made first with Malone safe on the second bag. Simon was put out on a bunt. Murray made a short hit and Malone was thrown out at the plate. Coughlin made a hit, bringing in Ingals and Murray. Savage made the third out when he fanned.

Syracuse scored again in the second when Malone hit and brought in Robertson, who had stolen second and third.

Hamilton made their only run in the third. Moffat was hit by the pitcher and took his base. Campbell singled and Moffat went to third. Moffat stole home when Robertson tried to throw Campbell out at second.

Syracuse made two runs in the fifth, seventh, and ninth innings, bringing their total up to nine runs. Hamilton was unable to score again for the rest of the game.

The features of the game were the two home runs made by Syracuse. Simon drove one to right field for a circuit run in the fifth. The second homer was made in the ninth when Murray smashed one deep into right field. The sensational catch of the game was made by May, who managed to hold on to the ball after turning a somersault while making the catch. The score follows:

RULES FOR NEW GOLF COURSE

The opening of the new golf course makes certain rules imperative, if the course is to be kept in good condition. Certain others are dictated by common courtesy. The following have been drawn up, and are to be strictly observed.

1. Do not play on the campus.
2. Do not use the newly seeded greens and tees.
3. Use nothing but a putter and a putting stroke on the greens, even the temporary ones.
4. Winter rules, which are still in force, provide that the ball may be teed up before each shot.
5. Always yell "Fore" if anyone is passing within possible range, before playing a shot.
6. Do not play a stroke until those in front have played their second stroke, or are safely out of range, or have given permission to play through.
7. On the tees, the ball is driven from just behind the line between the two white spots.
8. Do not talk while your opponent in playing a shot.
9. Each swing counts as one stroke.

CHARLATANS PLAY IN UTICA THURSDAY

Dramatic Club Appears Under Auspices of Wellesley Club.

The Charlatans will present three plays at the New Century Auditorium, Utica, on the evening of Thursday, May 12, at 8:30 o'clock. The performance is under the auspices of the Wellesley Club of Utica. The program, which is being arranged by Mrs. Fred Grant of the Wellesley Club, will include the plays: "The Boy Comes Home", "The Last Man In", and "Suppressed Desires".

Prof. Fancher has been putting the casts through exacting rehearsals several times a week to get everything in readiness for the Utica performance. It is hoped that as many as possible from the Hill will take advantage of this opportunity to see the Charlatans at their best. At the conclusion of the program there will be dancing until one o'clock. "Billy" Pritchett's orchestra will furnish the music.

The casts of the three plays will be as follows:

"**The Boy Comes Home**", by A. A. Milne: Uncle James, William M. Griffith, Jr., '21; Aunt Emily, Willard M. Pottle, '24; Philip, Thomas B. Pope, '22; Mary, William G. Lewi, '24; Mrs. Higgins, J. Lester Albertson, '24. Scene: A room in Uncle James' house on Cromwell Road. Time: The day after the war.

"**The Last Man In**", a play in one act, by W. B. Maxwell: Mrs. Judd, Arthur J. Doyle, '21; Mr. Judd, Russel G. Miller, '22; Mr. Billet, Allen E. Throop, '21; A Customer, Thomas B. Pope, '22; Another Customer, William M. Griffith, '21; The Last Man In, William H. Spice, '23; The Doctor, J. Lester Albertson, '24. Scene: The parlour of a humble tavern. Time: Tha Present.

"**Suppressed Desires**", by Susan Glasspell and Geo. C. Cooke: Stephen Brewster, Arthur J. Doyle, '21; Henrietta, his wife, William M. Griffith, Jr., '21; Mabel, William B. Baer, '24. Scene 1: Garret studio near Washington Square. Scene 2: The same, two weeks later. Time: The present.

A Sub-Freshman Day Suggestion

This week a large number of subfreshmen, prospective Hamilton men, will invade the Hill. Extensive preparations have been completed for their entertainment.

Several among them are coming to compete in the annual prize speaking contest which will be held in the College Chapel on Saturday morning. The preliminary speaking contests, which have already taken place in various parts of the State, have created a certain amount of interest in Hamilton. Hamilton has come to be known as a college that turns out "men who can get on their feet and speak".

We feel, however, that there is room, and a demand, for something more than a speaking contest in connection with Sub-Freshman Day. It is true that the College provides entertainment in the form of dinners, athletic contests, shows, and so on; but the event for which we are arguing is not to be found on the program. We refer to an interscholastis track meet.

Several of Hamilton's neighbors have maintained the custom for many years of having such a contest. The consensus of opinion gleaned from these institutions is that the meets are a success from the standpoint of arousing interest in the college or university, and also of attracting desirable men, who may possess more or less athletic ability.

An interscholastic track meet in connection with Sub-Freshman Day would not be a difficult matter to arrange. As a matter of interest and general appeal it would be a high spot in the two days' entertainment which we afford our visitors.

DR. DAVENPORT TELLS HIS EXPERIENCES AS MECHANIC

Roosevelt's Successor as Contributing Editor of the "Outlook" Discusses Problems of Worker and Employer.

The current issue of the "Outlook" bears a colored picture on the front cover, the central figure of which is Prof. Frederick M. Davenport of Hamilton College, working at a lathe. It is an excellent likeness of Prof. Davenport, although naturally more highly colored than would be the case if it were a photographic resemblance. It shows him attired in a blue frock of the jumper variety, and he is holding a tool on the drill. The picture was taken while Senator Davenport was working in the Franklin automobile factory at Syracuse, gathering information as to industrial conditions that would be valuable to him in his legislative work and his writings.

The same number of the Outlook carries an article by Senator Davenport entitled "Out of the Toga and into Overalls", in which he describes his work at the lathe as follows:

"The viewpoint of this open-minded employer pleased me, and on the first of July, I turned up at the plant and became No. 4626 in his organization. I was accorded a most courteous freedom in every direction. I read the confidential reports to the president, I looked into the accounting and finance, I watched every operation in the factory; I interviewed every leader in the organization, big or little, whom I could get hold of, provided of course that he had come up from the ranks; I put on overalls and learned to use a Rockford engine lathe and turned steel and brass down to a thousandth of an inch; I came to appreciate the qualities of accuracy and patience and nerve which every good, skilled mechanic must have; I experienced the humiliation that comes over a man who for the first time tries to sharpen his own tool; I rode with the testers as they listened for defects in the motor or the axles and wrote on a yellow sheet the record of faults so slight that they missed my ear entirely.

"My work at the lathe did no harm. A good many came to talk with me there naturally and freely; soon everybody knew, or seemed to know, why I was there and I was able to look over their blueprints with them and talk with them at their own machines. A time of goodfellowship and comradeship was the noon-hour, when the deep whistle blew its terrific blast and we all rushed to the long wash-basin together."

In the article Senator Davenport discusses working conditions in a large factory and shows the problems of the worker as well as those of the employer, and advances a number of suggestions that would be beneficial to both if accepted. The article is the first of a series which he will write for the Outlook, of which he is contributing editor, succeeding the late Theodore Roosevelt.

The Syracuse-Hamilton baseball game scheduled for Wednesday afternoon will be played at Syracuse this afternoon at 4 o'clock.

BIOLOGY CLUB

The regular meeting of the Biology Club was held last Thursday evening at the home of Dr. Morrill. Interesting talks were given by Mr. D'Amico on "Hydrogenions", H .C. Smith on "Staining in Regard to Research Work", and Nichols, '22, on "The Education of the Feeble-minded." A general discussion on these subjects followed.

—At an iniation banquet held at the Hotel Martin last night the following men were taken into the Alpha Sigma Chapter of Pi Delta Epsilon: F. Winfield Smith, William H. Farrand, Walter C. Stone, Leo S. Mulford, Robert Mason, and Charles T. Keane, Jr., all from the Class of 1922.

What Makes the Firefly Glow?

YOU can hold a firefly in your hand; you can boil water with an electric lamp. Nature long ago evolved the "cold light." The firefly, according to Ives and Coblentz, radiates ninety-six percent light and only four percent heat. Man's best lamp radiates more than ninety percent heat.

An English physicist once said that if we knew the firefly's secret, a boy turning a crank could light up a whole street. Great as is the advance in lighting that has been made through research within the last twenty years, man wastes far too much energy in obtaining light.

This problem of the "cold light" cannot be solved merely by trying to improve existing power-generating machinery and existing lamps. We should still be burning candles if chemists and physicists had confined their researches to the improvement of materials and methods for making candles.

For these reasons, the Research Laboratories of the General Electric Company are not limited in the scope of their investigations. Research consists in framing questions of the right kind and in finding the answers, no matter where they may lead.

What makes the firefly glow? How does a firefly's light differ in color from that of an electric arc, and why? The answers to such questions may or may not be of practical value, but of this we may be sure—it is by dovetailing the results of "theoretical" investigations along many widely separated lines that we arrive at most of our modern "practical" discoveries.

What will be the light of the future? Will it be like that of the firefly or like that of the dial on a luminous watch? Will it be produced in a lamp at present undreamed of, or will it come from something resembling our present incandescent lamp? The answers to these questions will depend much more upon the results of research in pure science than upon strictly commercial research.

NEW Y. M. C. A. CABINET GETS INTO HARNESS

The Young Men's Christian Association has been organized for the year 1921–1922 with the following officers and committees:

President, Gordon G. Kibler, '22; Vice President, R. Hawley Fitch, '23; Treasurer, Philo N. McGiffin, '23; Secretary, Paul S. Olver, '24; Entertainment Committee, W. Terry Howland, '22, and Robert K, Heffron, '23; Publicity Committee, Kenneth B. Turner, '22; Membership Committee, C. Julian Kaiser, '23, and Robert M. Skinner, '24; Committee on Bible Study, William P. Fenn, '23; Committee on Vicinity Work, Harold D. Ramsburg, '22; Committee on Speakers, William H. Farrand, '22; House Committee, Francis B. Hastings, '24.

Attendance at the Y. M. C. A. movie shows during the past season has been so satisfactory that President Kibler has decided to continue these performances during the rest of this term and to start them early in the fall. The Y. M. C. A. has just about broken even on these shows this season, which is more than was hoped for. Special effort has been exerted to procure ultra-slow pictures and an interesting group of educational films.

It is hoped that Shirwood Eddy, the well-know missionary, will be able to spend three days on the Hill some time before Commencement. In case Mr. Eddy is able to be here, Hamilton men will have the singular opportunity of hearing the foremost layman in missionary work in the world.

It is the plan of the present cabinet to organize early in the fall two bible study classes, one for the freshmen, and another for the upper three classes, each to meet once a week on Sunday afternoon.

A field of endeavor which will receive special attention next term is that of vicinity work, which has only been carried on to a limited extent in the past. A special committee has been appointed to organize Sunday School classes in rural districts in the vicinity, where there are no churches.

It is hoped that many of the undergraduates will avail themselves of the opportunity of attending the three-day Silver Bay Y. M .C. A. Conference this summer, to be held soon after Commencement. Hamilton should be well represented.

THOMPSON BREAKS COLLEGE 2-MILE RECORD

Finishes Tenth at Penn Relays, but is 21 Seconds Faster Than Former Hamilton Time.

For the first time since 1915, Hamilton was represented at the Penn Relays, when "Tommy" Thompson, star long-distance runner, finished tenth in a field of thirty-four runners. The meet was held April 29-30 this year and men from two hundred colleges and universities of the country competed in the various events. Many good runners were entered in the Two Mile International and "Tommy's" time of 9:38 broke the college two-mile record by exactly twenty-one seconds.

The race was won by R. B. Buker of Bates in the fast time of 9:25. C. C. Furnas of Purdue University finished second and Nightingale of West Virginia third. "Tommy" set the pace at the beginning of the race, running the first quarter in sixty-five flat. He gradually lost out however, and at the end of the run had to be content with tenth place. This was the first long-distance run in which "Tommy" had any real competition and his success in clipping the college record so noticeably shows his natural ability in the long-distance events. The Hamilton two-mile record was formerly held by Eggleston, '12. His time in that event was 9:59 2-5.

TENNIS TEAM LOSES FIRST MATCH TO COLGATE

Last Wednesday afternoon the Buff and Blue tennis team lost its first match of the season to Colgate by a score of 6-0. The Maroon team showed much better form than Hamilton. The most interesting singles match was between Coupe and Young. Coupe won the first set, after a hard struggle, 7-5, but Young came back in the next two sets and by careful placing won them 6-3, 6-3.

From then on Colgate won everything, until Coupe and Acebron met Hart and Blanchard in doubles. Colgate took the first set 6-2, and Hamilton retaliated in the second with a love set. In the third set the two teams were evenly matched. The lead alternated back and forth until the games stood 11-11, when Colgate, with a last spurt, took the next two games, making the score 13-11.

In the doubles Hart substituted for Young, who has recently been ill, which made him unable to finish the match. The summary:

Singles

Captain Young, Colgate, defeated Captain Coupe, 5-7, 6-3, 6-3.

Blanchard, Colgate, defeated Acebron, 6-2, 6-3.

Rockefellar, Colgate, defeated Getman, 6-1, 6-0.

Benjamin, Colgate, defeated Barron, 6-4, 6-4.

Doubles

Hart and Blanchard, Colgate, defeated Coupe and Acebron, 6-2, 0-6, 13-11.

Benjamin and Rockefellar, Colgate, defeated Barron and Getman, 6-3, 6-2.

—Philip C. Jessup, '19, assistant cashier of the First National Bank of Utica, will resign his position early in September to enter the Law School at Columbia University, where he will take a regular law course, specializing in international law. Mr. Jessup has been at the First National Bank about three years, coming to Utica as secretary of Charles B. Rogers, president of the bank. He resides at 3 Hopper St., Utica. Mr. Jessup was graduated with the Class of '19, completing his course here after a year's service with the Twenty-third Division overseas. He entered Hamilton in 1914. Mr. Jessup is an active member of Utica Post, No. 229, American Legion, being elected president of the Post October 6, 1920. He is also an executive of the Pioneers, a nation-wide organization for boys.

—Robert Insley, '16, is now working at McCook Field, Dayton, Ohio, as an aerial mechanical engineer. In this work, Mr. Insley is engaged in the testing and research of aviation engines and accessories. His address is Dayton, Ohio, care Engineering Division, Air Service.

SPRING SESSION OF TRUSTEES

Vote Money for Athletic Building and New Diamond—Memorial Services for Dr. Brandt—Endowment Progresses.

"BOB" RUDD TO RETURN

The spring meeting of the Board of Trustees of Hamilton College was held on the Hill Saturday, April 30. In the absence of Hon. Elihu Root, '64, president of the board, George E. Dunham, '79, presided. The meeting was opened with prayer by Dr. Stryker. President Ferry presented his report, showing everything to be in encouraging condition, and made various recommendations which were taken up and disposed of under their several headings.

The Trustees have made ample provision for Hamilton's progress in athletics. One hundred and twenty-four thousand dollars has been appropriated for the construction of the new athletic building. The building plans were drawn by Messrs. Bagg and Newkirk of Utica. In addition, twenty thousand dollars was provided for a new baseball diamond. It was also announced that five holes of the golf course have now been completed and that more will be added during the summer.

Several changes among the faculty members have been announced. Prof. Robert B. Rudd, '09, will return to Hamilton as associate professor of English Literature. Prof. Russo will not be at Hamilton next year. His successor in the Romance Language Department is Mr. George E. Wisewell. It is announced that two new men will be secured as instructors in physical training.

The board has arranged to hold a special service in the Chapel at 5 p. m. Commencement Sunday in memory of the late Dr. H. C. G. Brandt, at which time addresses will be made by Rev. Arthur Hoyt, '72, a classmate of Dr. Brandt's, and Prof. W. P. Shepard, '92. Committees were appointed to make suitable memoranda to be placed in the minutes in memory of the late Dr. Brandt and Hon. Charles A. Hawley.

The Trustees were very much encouraged by the report made by Alexander C. Soper, '67, chairman of the Ways and Means Committee, and the leader of Hamilton's endowment drive. He referred to the gratifying figures already published, saying that campaigns in Binghamton, Buffalo, Chicago, and various other places gave him hopes of not only reaching the goal fixed but of exceeding it as well. Everywhere there is genuine interest, enthusiasm and substantial support. Mr. Soper's optimism was very gratifying to the Trustees who, along with the College, are under an everlasting debt and obligation to him for the services he has rendered during the campaign.

Before adjournment, the Board elected Robert D. Fraser, '08, of Utica, and Bayard L. Peck, '91, of New York, as trustees to fill vacancies caused by the deaths of Hon. Charles A. Hawley and Thomas R. Proctor.

With the Colleges

—Students of the University of Virginia have placed a ban on soda-fountain drinks, and have agreed to donate the money saved to the $3,000,000 centennial endowment fund now being raised.

—In response to invitations from several European governments, the Glee Club of Harvard University will leave soon for an extended tour on that continent. A similar trip is to be made at an early date by the Glee Club of Leland Stanford University which will take a trip to Hawaii this spring. The Glee Club of Ohio-Wesleyan University will make a tour at an early date through the Panama Canal Zone.

—Princeton will participate in the regatta on May 7, but with which of its two varsity crews it is undecided. All the trial sprints over the mile and one-half and the half-mile courses have been draws between Teams A and B. Should Team B represent the college, the captain of the crew would not have a seat in the boat, a condition which has never been known before at Princeton.

—Plans for a track meet between the combined teams of Oxford and Cambridge and representatives from Harvard and Yale have been completed. The meet will be held at New Haven some time in July.

—The call for baseball candidates in the University of Minnesota was answered by a dozen men who came out to please the coach. It was then decided to replace baseball in the university by spring football practice.

—This spring the University of California is sending two teams across the continent. Its crew will meet the strong Princeton crew early in June, while its track team will participate in the meet at Cambridge in May.

—Waseda University of Japan is planning to send a baseball nine this summer t compete with many of the larger colleges and universities of this country. Prof. Iso Abe, who is called the "father of baseball in Japan", will accompany the team on the tour. Prof. Abe hopes to form a strong athletic friendship between the two countries.

—Agitation is under way in four eastern colleges; namely, Cornell, Dartmouth, Columbia, and Pennsylvania, to form a "Big Four" eventually destined to rival the Yale, Harvard, and Princeton "Big Three" in the intercollegiate world. It is reported that all four institutions are in favor of the plan.
